

Trainings Conducted by ICAR-CIFA – 2019

Date	Topic	Participants		Total
		Male	Female	
28-30 Jan., 2019	Skill Development Training of Breeding & Seed Production of Air-Breathing Fishes (NFDB Sposored)	45	01	46
25 Feb – 01 March 2019	Recent advances in Freshwater Aquaculture for Progressive Fish Farmers of Lakhisarai, Bihar	28	01	29
4-31 March, 2019	Skill Development Programme for Aquaculture Worker	13	01	14
	2019-20			
16-25 April, 2019	Hands on Training on Molecular Biology and Computational Tools	10	15	25
17-19 th June, 2019	Training Programme on “Fish Nutrition and Feeding of Fish” held at RRC, Rahara	19	06	25
1-6 July, 2019	Freshwater Pearl Farming for Entrepreneurship Development	19	05	24
03-10 July, 2019	Induced breeding of IMC and culture Technologies for Trainees of RKMSSSM, Belur Math, Belur	29	00	29
8-10 July, 2019	Exposure cum Training on Freshwater Aquaculture (under STC Programme)	32	00	32
15-19 July, 2019	National training on Seed Production and Hatchery Management of Air-breathing Fishes	08	00	08
16-20 July, 2019	Induced breeding and seed production of Indian Major Carps	18	2	20
16-20 July, 2019	Breeding Seed Production and Culture of Carps	06	00	06
8-10 August 2019	National Training Programme on Breeding and Seed Production of Carps in FRP Hatchery	34	00	34
12-17 August 2019	National Training Programme on Breeding, Seed Production and Culture of Freshwater Prawn	22	00	22
17-21 September 2019	Hands-on Training on Fish Health and Environment Management in Freshwater Aquaculture	19	06	25
19-28 September 2019	Hands on training on Genetics and Genomic Data Analysis in aquaculture	18	14	32

2-6 November 2019	NFDB sponsored Training of Trainers' Programme on "Recent Advances in Fish Nutrition and Feed Technology"	21	04	25
19-23 November 2019	Fish Disease diagnosis and Health Management in Freshwater Aquaculture	24	3	27
23-30 Nov., 2019	Hands on Training on "High throughput sequence data analysis"	07	03	10
28-30 Nov., 2019	Training Programme on "Hatchery Management on Carps"	15	03	18
26 Nov.-16 Dec.2019	ICAR Sponsored Winter School - Advanced Molecular Technique in Fish Disease & Management in Freshwater Aquaculture	13	07	20
